From the Executive Director

PURPOSE OF THE BOARD

I became the Executive Director in the spring of 2019 nearly three years ago. Being new to the board and not having a background in the technical professions licensed by the board I asked two questions. What were the duties of the board and what was its stated purpose. I found the answers in the enabling statute K.S.A. 74-7004. That statute provides:

“For the purpose of administrating the provisions of this act and in order to establish and maintain a high standard of integrity, skills and practice in the technical professions and to safeguard the health, safety, property and welfare of the public, the governor shall appoint a state board of technical professions consisting of 13 members.”

The above language sets forth the two principal legislative mandates of 1) establishing and maintaining a high standard of integrity, skills and practice in the technical professions and 2) the charge to safeguard the health, safety, property and welfare of the public. A word search of that term, the health safety, property and welfare, revealed that the charge to safeguard the health, safety, property and welfare of the public appears 9 times in the Kansas Technical Professions Act, K.S.A. 74-7001 et seq, and the board’s rules and regulations.

Reading the statute I learned it was the policy of the legislature and the charge to the executive branch to create and empower the board to maintain high standards of practice in the regulated professions and to safeguard the public.

ASBOG transitioning to computer based exams

ASBOG plans to have all their exams online and administered by Pearson -Vue by Spring 2023.

Applications online!

Most of the individual applications are now online.

Please visit our website (ksbtp.ks.gov) to complete and submit the online application.

KSBTP hopes to offer all applications online by the end of the year.

Congratulations!

The KSBTP 2021 Chair, Carisa McMullen, has been elected President Elect for CLARB (The Council of Landscape Architectural Registration Boards). Congratulations Carisa!

Disciplinary Action Taken by the Board

KANSAS STATE BOARD OF TECHNICAL PROFESSIONS DISCIPLINARY REPORT NOVEMBER 2021

IN THE MATTER OF JAMES CLANCY, PE20007 CASE NO. 21-31

Summary: In April of 2021 the Board office received a self-report from James Clancy. Mr. Clancy submitted a Settlement Agreement from the State of Ohio. The State of Ohio notified the Mr. Clancy that action would be taken against his license for failing to report disciplinary action in the State of Kentucky. Mr. Clancy surrendered his license in Kentucky for allegedly engaging in plan stamping, failing to maintain records failing to obtain a business entity prior to offering services. In order to avoid further administrative proceedings Mr. Clancy surrendered his license in Ohio.

Board Action: The board found Mr. Clancy in violation of K.S.A 74-7026(a)(4).

Specifically, Mr. Clancy voluntarily surrendered his professional engineer registration in Ohio, which was treated as a revocation based upon the licensing action taken by the Kentucky Board of Registration for the Professional Engineers and Surveyors.

The conduct of Mr. Clancy, as outlined above, constitutes violation of the laws of the State of Kansas.

Board Action: The Board suspended Mr. Clancy's license for 60 days.

Status: The case was closed September 9, 2021.

IN THE MATTER OF JOEL WEGELE, PS1333 CASE NO. 22-05

Summary: In July of 2021, the Board office received an alleged violation form on Mr. Wegele. In the complaint it is stated that Mr. Wegele prepared and stamped a survey while his licensed was cancelled.

Board Action: The board found Mr. Wegele in violation of K.S.A 74-7025(a).

Specifically, Mr. Wegele practiced as a professional surveyor in the State of Kansas after his license was expired.

The conduct of Mr. Wegele, as outlined above, constitutes violation of the laws of the State of Kansas.

Board Action: The Board fined Mr. Wegele \$150 plus costs.

Status: The case was closed September 9, 2021.
